

LISETTE ZOUNON

*Engineering Leader, Agile Consultant and Confidence Coach
International Speaker - Author - Podcast Host*

ABOUT ME

Lisette Zounon, CSM, CSP, CAL1, SAFE, DTM is a multi-talented, multi-passionate woman that is a quality engineering leader with over 17 years of experience helping people and companies improve the quality of their applications, with solid tools, a simple process, and a smart team. She strongly believes that industry best practices including implementing agile methodologies and DevOps practices are invaluable.

She loves empowering other women to unleash our natural potential to #upYourConfidence thru her podcast. A distinguished speaker that encourages women by empowering them and educating women and girls on breast cancer, STEM education, and leadership skills. She is bilingual world traveler that speaks both French and English fluently.

TESTIMONIAL

“ Lisette is truly authentic, she is an inspiration boost. I really like how she is sharing her authentic feelings as well as guidance. Some of our journeys aren't as easy or as hard as one another. To not feel any judgment, but needed kind constructive criticism I asked for, was so beyond kind of her - Anne, Los Angeles, CA
